HYDROSHARK

2019 Development
20/21 IKT and LANUV approval
2021 NJDEP-Testing
purifies Water from:

- TSS
- Oil
- Microplastics

easy maintenance

HYDROSYSTEM 1.000

2005 Development
2008 DIBt approval
2010 LfU metal roof approval
2021 NJDEP-testing
purifies Water from:

- TSS
- heavy metals
- Oil
- Microplastics

Filter lifetime: 3-5 years

Maintenance concept and Flushability of the filters

HYDROSYSTEM 1.500

2014 Development
2018 DIBt approval
2021 LfU metal roof approval
2021 NJDEP-testing
purifies Water from:

- TSS
- heavy metals
- Oil
- Microplastics

Filter lifetime: 3-5 years

Maintenance concept and Flushability of the filters

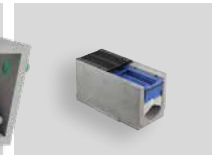

HYDROSYSTEM MODULAR (10.000)

2020 Development
2021 NJDEP testing
purifies Water from:

- TSS
- heavy metals
- Oil
- Microplastics

Filter lifetime: 3-5 years

Maintenance concept and Flushability of the filters

HYDRO-Filterdrain

2011 Development
2012 DIBt approval
purifies Water from:

- TSS
- heavy metals
- Oil
- Microplastics

Filter lifetime: 10 years

Maintenance concept and Flushability of the filters

HYDROSSYSTEM Gully

2012 Development
2012 DIBt approval
purifies Water from:

- TSS
- heavy metals
- Oil
- Microplastics

Filter lifetime: 3-5 years

Maintenance concept and Flushability of the filters
